LinkedIn: <https://www.linkedin.com/in/nivethitha-eswaramoorthy-6b9700336/>

PROFILE SUMMARY

Demonstrates strong analytical, communication, and teamwork skills, with proven ability to quickly adapt to new environments. Eager to contribute to team success and further develop professional skills. Brings strong organizational capabilities.

SKILLS

- **LANGUAGES:** Java, C ,HTML, SQL(basics)
- **TOOLS:** Git, VSCode
- **SOFTSKILLS:** Teamwork and collaboration, Excellent communication, Adaptability

PROJECTS

- **Smart Cattle Health Monitoring band** – Developed a smart Cattle Health Monitoring Band using Arduino to track cattle body temperature and heart rate for real-time health monitoring and early disease detection.
- **AI Based Smart Crop Analyzer** – Developed an website for this project to predict crop yield and the system collects data such as soil moisture, temperature, humidity, rainfall, and crop type through sensors. Using machine learning algorithms, the project analyzes this data to predict the expected crop yield and recommend suitable crops for better productivity
- **Triage Checker & Diagnostic Report Explainer** – Developed a Triage Checker & Diagnostic Report Explainer using AI techniques to assist in preliminary health assessment and simplified medical report interpretation.
- **AI Enabled Recommendation Engine for an E-commerce platform**–Developed an webpage for this project. That delivers personalized product suggestions using machine learning and user behavior analysis.
- **AI-Based Rockfall Prediction and Alert System for Open-Pit Mines** – Developed an webpage for this project. It uses machine learning to analyze geological and environmental data to predict potential rockfalls and provide early warnings to improve mining safety

EDUCATION

2023-27 B.E, ECE

VSB Engineer College, Karur | **CGPA: 8.3**

(2022-23) HSC & (2020-2021) SSLC

A.V.P Trust National matric Hr.sec.School | **HSC- Percentage : 83.5% | SSLC- All Pass**

INTERNSHIP

E-Soft IT Solution | [Trichy] : Gained hands-on experience in IoT concepts and applications | Intern: IoT.

Infosys Springboard Virtual Internship(6.0): Gaining hands-on experience in AI concepts, tools, and real-world applications | Intern: Artificial Intelligence

CERTIFICATIONS COMPLETED

- **NPTEL** – Programming in JAVA
- **Salesforce** – Champion and Innovator
- **Infosys Springboard** – Artificial Intelligence, Java Foundation Achievement
- **Cisco Networking Academy** – Introduction to IoT and Digital Transformation
- **FutureSkills Prime NASSCOM** – Generative AI Fluency
