## Career Objective

---

A dedicated and results-oriented professional, combining hard work with strategic thinking, committed to achieving excellence and delivering meaningful impact, with a vision to drive positive change in both career and society.

## Academic Profile

---

- CGPA: 8.19/10
- 12th Grade: 80.4% (CISCE)
- 10th Grade: 92.4% (CISCE)

## Technical Skills

---

- **Programming:** Java (Core concepts, OOP fundamentals)
- **Data Structures & Algorithms:** Basic problem solving, Arrays, Strings
- **Tools:** Adobe Photoshop, GitHub, Antigravity

## Projects

---

### Xethra Sensor-Based Smart Victim Detector

- Detect humans trapped under debris during landslides and building collapses

### Smart Environment Monitor for Bacterial Growth

- Monitor humidity, moisture, and temperature
- Different alert buzzer sound for easy identification

### Morse Code Application for Zoho CliqTrix

- Encode and Decode Morse code messages

### Car Parking System(OOPs)

### NeuroFleetX: AI-Powered Urban Fleet and Traffic Intelligence

- Collaborated with a team to achieve project objectives and deliver successful outcomes.
- Implemented an AI-based vehicle recommendation system to provide personalized vehicle suggestions.
- Developed visual representations of real-time Data Authentication for drivers document
- Verified and authenticated driver documents

## Engineering Experience

---

### Java with Data Structures & Algorithms – Self Learning

- Completed self-paced training in Java, OOPs, and Data Structures & Algorithms
- Practicing my problem solving skills through regular coding exercises

## Internship

---

### Keltron Knowledge Centre, Idukki, India

- Gained hands-on experience in hardware and networking, including networking fundamentals
- Assisted in Windows Server installation and DHCP/DNS configuration

### Blossom Inners Pvt.Ltd

- Observed real-time fabrication processes in an industrial environment
- Gained understanding of system operations and machine workflows

### Infosys Internship 6.0 completed

- React, SpringBoot, JWT Authentication, Java, Leaflet, OOPs, SQL

## Certifications & Achievements

---

- ICT YouthTalk – Regional Finalist
- Solved 140+ problems on LeetCode
- NPTEL Certification: Digital Circuits (Score: 54%)
- Bronze Medal – Hammer Throw

## Languages

---

- Malayalam, Tamil, English
- Hindi (Read & Write)

## Soft Skills

---

- Effective Communication
- Public Speaking (15+ years of experience)
- Problem Solving
- Adaptability
